**FINAL ACTION**

***Response to Amendment***

1. Applicant's remarks filed 7/08/04 have been entered and carefully considered. Applicant's arguments are not found persuasive of patentability for reasons set forth herein below.

***Claim Rejections - 35 USC § 103***

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-3, 6-8 and 11-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over McGuire et al (6254965) in view of Akahori et al (5310587) and Asahi (JP 404154573A), as set forth in the previous office actions.

4. Applicant argues, opposing the examiner's stance taking official notice that use of SMS laminates is common in the art. Hence, the following references are provided per Applicant's request:

US 5366786- col 2, lines 43-51; col 5, lines 51-60; col 13, lines 23-27;

US 5593768- col 1, lines 28-35; col 21, lines 15-20;

US 6723669- Abstract, col 15, lines 19+;

US 6709623- col 1, lines 31-col 2, line 45.

Art Unit: 1771

5. Since Applicant has not argued against the obviousness of varying the thickness, it is understood that the obviousness of varying the thickness of the McGuire reference has been conceded.

**Conclusion**

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
